Dr. Fedor Jagla – 70 years young

Co-Editor-in-Chief, *Activitas Nervosa Superior Rediviva*, President of CIANS

Our Dear Precious Friend,

On behalf of myself and the entire Editorial Board, we would like to congratulate you wholeheartedly on this significant decades anniversary. We wish you well for many years to come with good health, happiness, unerring curiosity, much success in all your endeavors, endless creativity and plenty of joy every day, and many other good things that you may secretly wish.

And above all, we wish that our deep friendship will continue to flourish, and will hold together in all the future. Keep yourself always as young in your mind and soul as you are now.

Today, we are thinking of you very intensely as you are living in our hearts and minds. Our dear friend, let us always be as close as now.

August 25, 2015

Peter Fedor-Freybergh

Full Laudatio will appear in the next issue of *Activitas Nervosa Superior Rediviva* Vol. 57 No.4, 2015.
